Transgender-related Materials in ACC Libraries, Updated Summer 2019

A select list of books and videos can be found on this page as well as articles and organizations. A list of LGBTQIA scholarships can be found in the Diversity research guide under “Education.”

**EBSCOhost** offers Research Starters on a variety of topics. Search “transgender*” in the Discovery Search box on the library main page to find the Research Starter and related articles. You may want to limit your search by a range of years or type of resource (magazine, journal, etc.) or by adding another concept or subject for more precision.

**Books / eBooks**

**Videos and Streaming Media**
